A FEW WORDS ON YOUR SUMMER FUN COSTS:

By Sanaz Liana Marashi

It's summer time and we're all in the mood for a vacation. Whether you are planning your dream vacation this summer, or planning on enjoying our beautiful Island, you need to have a good financial plan in mind. We residents of Long Island have the privilege of spending our summer in a great vacation destination. However, going to the beaches, parks and nice outside restaurants can cost a fortune. It is an unexpected cost that adds up usually on credit card bills. Putting vacation or summer fun costs on a credit card puts you in debt for a long time. Here are some solutions for you to handle these costs.

Vacation Loan

If you think your costs are not going to be more than \$2000.00, then apply for a vacation loan. The interest rate is 1% less than a personal loan and the term is one year. By next summer, you will have paid this loan off and will be debt free.

Personal Loan

If you are going on a nice vacation that costs more than \$2000.00, apply for a personal loan. The interest rate on a personal loan is usually one third of a credit card. You can borrow up to \$20,000.00 and choose a five year plan to pay it back. Also, there is no pre-payment penalty so you can always pay off the loan earlier or pay more towards it to pay less interest.

Home Equity LOC

If you have equity in your home, you can apply for a Home Equity Line of Credit. The interest rate is much less than other loans and you can apply for up to 70% of the equity in your home. While you have the Home Equity Line of Credit you can borrow from it, pay it back and borrow again later. Take full advantage of this line of credit. Right now there are no closing costs except for county tax.

Hopefully one of these loans can help you enjoy your summer without financial concerns.
